

WINX LOUNGE

WX 885.01

Design: Kai Stania

Manufacturer: RIM CZ a.s.

WINX LOUNGE 885.01

Modern, fully-upholstered armchair of rounded shape with armrests, designed for relaxation zones, home offices, waiting areas, entrance halls and receptions.

Precise upholstery work allows for experimenting with colour and material combinations.

Design

Two-part polyurethane shell consists of a base part (structure) and backrest.

The structure is comprised of a frame welded from steel wires and reinforced in the point of connection to the base. The frame is covered with PUR foam, bulk weight of 70 kg/m³.

A polyurethane seat, foamed in a mould with a thickness of 80 mm and bulk weight of 65kg/m³, ensures comfortable sitting.

The polyurethane foam is free of added CFC's and with reduced flammability as per California Technical Bulletin 117, Section A Part 1 and Section D Part 2.

Base

.01 – four-star aluminium base with central metal tube of \varnothing 50 mm in diameter.

Base with plastic glide, felt pads or Teflon optional. Base surface treatment – a combination of polished aluminium and chrome steel tube or powder coating as per RAL.

Other colours (RAL) for .01 base on request.

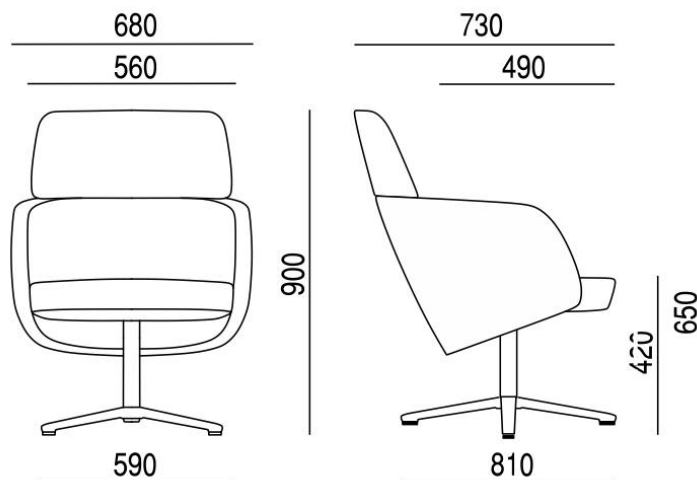

Upholstery

To be selected from fabric collection.

Warranty

5 years (see Business conditions)

Dimensions (in mm)
