

WINX LOUNGE

WX 889.01

Design: Kai Stania

Manufacturer: RIM CZ a.s.

WINX LOUNGE 889.0X

Modern, fully-upholstered footrest on a wooden or four-star base, designed for living rooms, hotels, home offices, waiting areas, entrance halls and receptions. The footrest complemented our Winx Lounge collection and together fit perfectly into any interior.

Design The footrest consists of a beech mould filled with PUR foam to a thickness of 80 mm and bulk weight of 65 kg/m³.

Base **.01** – four-star aluminium base with central metal tube of \varnothing 50 mm in diameter. Base with plastic glide, felt pads or Teflon optional. Base surface treatment – a combination of polished aluminium and chrome steel tube or black powder coating.

Other colours (RAL) for .01 base on request.

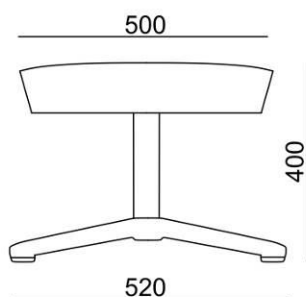

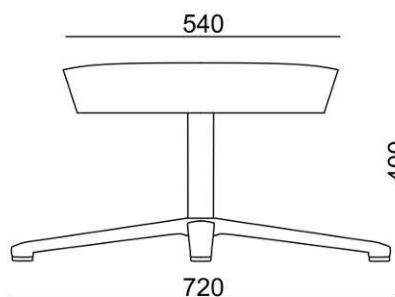

.16 – wooden, oak or ash wood, painted with clear polyurethane lacquer.

Felt glide is used for soft floor (linoleum, PVC, soft wood).

Upholstery To be selected from fabric collection.

Warranty 5 years (see Business conditions).

Dimensions (in mm)
