- 03** — Lights dimm
- 04** — Ventilation turns off
- 05** — Lights turn off

Individual adjustment available

300 seconds

Refresh time (max intensity)  
180 seconds

10 minutes

SONUS

# Invisible details that create a sense of comfort

The **quiet and efficient ventilation system** ensures your comfort, even during extended periods of work.

**Effective lighting** prevents eye strain and ensures a presentable appearance on camera.

**System control** – adjust your acoustic pod to your needs.

A **power socket with AC and USB fast charger type-A and type-C connectors** ensures that you can charge your devices at any time.

SONUS

# Implementing sustainability principles

## SONUS

- Reliable and long-lasting.
- Produced using 100% green electricity.
- Produced from raw materials with a recycled content.

SONUS

# Main raw materials

## Metal

- Made from  $\geq 20\%$  recycled raw materials.
- Painted using powder paints with zero emissions of volatile organic compounds.

## Chipboard

- Made from  $\sim 20\%$  recycled raw materials.
- Low in formaldehyde and meets the CARB 2 and E05 standards.
- Made of FSC-certified wood.

## MDF

Low in formaldehyde and CARB 2 compliant, while HPL Fenix is also Greenguard Gold certified.

## PET felt

- Made from  $\geq 50\%$  recycled raw materials.
- 100% recyclable.
