BETTLE PORTABLE LAMP // ASSEMBLY INSTRUCTIONS

ABOUT 101 COPENHAGEN

101 Copenhagen is a Danish design brand founded in 2017. With a vision to honor exquisite quality and craftsmanship, the collection encompasses furniture, lighting and accessories in a timeless, yet modern design. With a true passion for materials and refined textures, organic shapes and colours, 101 Copenhagen presents the epitome of classics and must-have novelties for Scandinavian and international interior connoisseurs alike.

OUR CREATIVE DRIVE

The design of 101 Copenhagen is firmly rooted in the Scandinavian soil and nourished by Japanese minimalist aesthetics. Sharing an emphasis on quality materials, techniques and traditions, the meeting between the North and the East is notable in the holistic collections of 101 Copenhagen. The design approach is dynamic and characterised by freedom of expression - creating unique and timeless pieces without compromising on playfulness and individuality.

OUR DESIGN TEAM

An attention to detail and a shared sense of aesthetics is what drives the two main designers of 101 Copenhagen, Tommy Hyldahl and Kristian Sofus Hansen. Merging their backgrounds and experiences from the fashion industry, the Royal Danish Academy of Fine Arts and travels in Japan respectively, a narrative of minimalist, sculptural and conceptual design is evident throughout the collections. Translating and transforming the simplistic inspiration from Japan in a Scandinavian context is all about honouring quality, heritage and materiality while never seizing to compromise on form and function. Trained as an architect, the third designer, Nicolaj Noddesbo, adds knowledge on innovative light solutions and timeless novelties to the 101 Copenhagen collections. 101 Copenhagen is a curated selection of tactile, bold objects standing out in a crowd and gathers as a whole.

Beetle Portable Lamp

The Beetle Portable Lamp is a sculptural blend of minimalism and artful elegance, perfect for adding a cozy glow to any space. Its distinctive design features a curved metal lampshade in a mirror chrome finish, which elegantly rests atop five rectangular marble legs. Crafted from a unique crystalized marble, these legs subtly allow light to seep through, radiating a warm, ambient glow that brings a cozy atmosphere to your surroundings. Inside the lampshade, an integrated LED light with a colour temperature of 2400K gently illuminates the space beneath, enhancing Beetle's charm. Designed with versatility in mind, Beetle is fully portable, featuring a rechargeable battery and a dimmer with three adjustable light levels, allowing you to customize the mood. Its portability makes it ideal for various spaces around the home, whether perched on a bookshelf, placed in a window, or moved to different spots to cast a cozy glow. The name Beetle draws from its structure, where the rounded, smooth lampshade rests atop the sturdy marble legs, echoing the iconic form of a beetle. This table lamp captures the essence of 80s minimalist art, delivering a clean, sculptural aesthetic that seamlessly fits in modern interiors. Designed by Kristian Sofus Hansen & Tommy Hyldahl

Type: Portable Lamp / Indoor

Designer / Year of design:

Kristian Sofus Hansen & Tommy Hyldahl, 2024

Colour / Material:

Marble: Nature white

Shade: Metal Chrome shade

Dimensions:

L32,3/ W9 / H20 CM

Country of origin: CN

Product weight: 3,11 Kgs

Packaging:

Dimensions: L37,5/ W35,5 / H15 CM

Total weight incl. product: 3,57 Kg

Number of parcels: 1

Material: Brown cardboard

Light source:

5V DC 2A, 3W LED

Kelvin: 2000K

Lifetime Battery: 300 cycles

Lifetime LED: 25.000 Hours

Charging time: Minimum 6 hours

Use an adapter with max input 5.0V, 2A. The small LED indicator on the bottom of the lamp will turn from red to green when fully charged.

Dimmability:

3 levels (100% - 70% - 40%)

SAFETY INSTRUCTIONS:

Please note the information contained in these instructions and save this manual, also when lamp is already mounted.

GENERAL INSTRUCTIONS:

- The manufactures do not accept responsibility for injuries or defects caused by improper use of this lamp.
- Attention!
- Mind to use this lamp for its predetermined function. For example don't mount indoor lamps in outdoor areas.
- Please check all components are complete before installing.
- Don't cover the lamp.
- Don't connect the lamp to power and don't switch it on when it's in packing.
- Bulbs and transformers get very hot during operating. At improper use there is the risk of fire and by changing the bulb you can hurt yourself. Always let cool down!
- If the external flexible cable or cord is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- The maximal wattage shouldn't be exceeded (find the bulb symbol and the "max ... W" on rating label or on lamp).
- Do not mount the lamp on wet or conducting background.
- Make sure that the cables or cords don't get damaged during installation.
- The given main voltage (5V) shall not be exceeded.
- Plug and connection elements must be free of tensile strength and torsion force.
- Don't touch bulbs with bare hands.

MAINTENANCE INSTRUCTIONS:

- Before cleaning, disconnect the power by turning off the circuit breaker, or by removing the fuse at the fuse box.
- Mind to clean the surfaces of lamp only.
- Wetness shouldn't get in terminal box or to any conducting part.
- Before you start to clean let it cool down for 10 minutes!
- Cleaning with a soft dry cloth only.

ADVICE FOR ENVIRONMENTAL CARE:

Don't put this article to normal domestic waste after the end of its lifecycle. You have to bring it to a staging area for electrical wastes. The materials are recyclable according to their specifications. With the correct recycling of these materials you can make a significant contribution to environmental protection. Ask your local authority for next staging area.

CE MARKING:

By affixing the CE marking to a product, a manufacturer declares that the product meets all the legal requirements for CE marking and can be sold throughout the European Economic Area (EEA).

TO ASSEMBLE THE LAMP:

1. Place stone plates in lamp shade

2. Touch to switch on - The lamp has three different brightness levels.

Charging instructions:

- 1 : The light source of this luminaire is not replaceable. When the light source reaches its end of life, the whole luminaire shall be replaced.
- 2 :  The symbol of the crossed-out garbage can on the product or the packaging means that the product must not be disposed with ordinary household waste. At the end of its useful life, the product must be returned to a point of acceptance for the recycling of electric and electronic device. Please ask your local municipality for the point of acceptance.
- 3 : Make sure the lamp is fully charged (minimum 6 hours), using an adapter with max input 5.0V, 2A. The small LED indicator on the bottom of the lamp will turn from red to green when fully charged.
