HAY

PALISSADE CONE TABLE

HIGHLIGHTS

- Part of the Palissade Collection comprising dining chairs, lounge chairs, stools, benches, and tables
- Designed in colour and form to integrate effortlessly into a natural landscape
- The table features a solid base and ultra-thin steel tabletop that share the same graphic design idiom as the rest of the Palissade Collection
- The table features a weatherproof outdoor powder coating that creates a barrier against corrosive elements
- Available in various shapes and sizes in a variety of colours that pair well with the Palissade Chairs as well as other HAY outdoor furniture
- Suitable for a wide variety of outdoor environments

PALISSADE CONE TABLE DESIGN BY RONAN & ERWAN BOUROULLEC

Based on the desire to develop a series of tables to complement the Palissade outdoor furniture collection, French design duo Ronan and Erwan Bouroullec teamed up with HAY to create the Cone Table. Its solid base and ultra-thin steel tabletop share the same graphic design idiom as the rest of the series, enabling the table to be strong without being bulky and elegant without being fragile.

The series comprises various sizes with round and square tabletops; all featuring a stabilising concrete base. Specifically designed for outdoor use, the powder-coated steel has a protective outdoor primer for optimal durability and resilience. The collection is available in selected colours and is ideal for terraces, balconies, gardens, cafés and public spaces.

Ronan & Erwan Bouroullec the Paris-based design brothers from Brittany have been working together since 1998. Ronan is a graduate of the École Supérieure des Arts Décoratifs in Paris and Erwan attended the École Nationale Supérieure des Arts in Cergy before starting their own studio. They have transformed the design industry and offered new perspectives of materiality and purpose. For HAY, they have designed the Palissade Collection, Copenhagen Collection, Can Sofa, Élémentaire Chair, Passerelle Table and Pier System.

SUSTAINABILITY

At HAY, we believe good design should stand the test of time. That principle shapes the decisions we make – from the materials and suppliers we work with to the certifications we pursue to ensure our products meet recognised standards. We use recycled content where possible, FSC™-certified wood (FSC-C148805), and bio-based foam that helps lower our products' overall carbon footprint. We are also increasing the number of products certified with the EU Ecolabel and the Nordic Swan Ecolabel, reflecting our ambition to make lower-impact choices across our assortment. HAY follows strict regulatory requirements, and most of our products are tested to meet international standards for strength, durability, and safety.
